

We already get only Dr.Laura & Rush Limbaugh, half the day on almost all our radio stations at the same time, and the rest of the day we get only reactionary right-wing talk shows. Our TV programming is deplorable, pro administration, and repetitive with no real discussion of real issues. Further monopoly is dangerous to democracy. The big corporations who own most of our media have huge political and propaganda power. Your recent ruling is going to make this situation even worse. Also, you folks need to stop taking gifts from the industry. That kind of behavior cannot be legal or lawful.
